In a decision mailed by this Office on 19 December 2008, applicants' petition for revival under 37 CFR 1.137(b) was dismissed without prejudice for failure to satisfy all the requirements of a grantable petition. The decision indicated that applicants had not provided the required reply in the form of an acceptable response to the Notification Of Missing Requirements (Form PCT/DO/EO/905) mailed 30 April 2001. Specifically, applicants had not provided the required sequence listing materials in an acceptable form.

On 13 January 2009, applicants filed the "Renewed Petition Under 37 CFR 1.137(b)" considered herein. The renewed petition was accompanied by the required sequence listing materials, including a Computer Readable Form (CRF) of the sequence listing. These materials complete the required reply to the Notification Of Missing Requirements mailed 30 April 2001. Applicants have therefore satisfied the final requirement of a grantable petition for revival under 37 CFR 1.137(b).

Based on the above, the renewed petition for revival under 37 CFR 1.137(b) is appropriately **GRANTED**.

This application is being referred to the National Stage Processing Branch of the Office of PCT Operations for further processing in accordance with this decision. The date under 35 U.S.C. 371(c)(1), (c)(2), and (c)(4) is 06 July 2001.
